Sponsorship Kit 2017

John 15:8 Jesus says: “When you bear much fruit, you bring glory to my father and you prove to be my disciples”

What is Fruit Bearers Ministries?

- We empower disabled children on the island of Negros Oriental in the Philippines
- We locate disabled children who lack the resources to attend school
- We provide assistance to children requiring medical attention
- We nurture the spiritual journey through our team of pastors who assist in constructing and maintaining churches throughout the region
- We connect sponsors with children to provide a new chance at education and vocation for the child, as well as educating sponsors on the disadvantages experienced in this region

Get Involved - Sponsor a Child!

- For \$35 a month (\$420 a year) you can sponsor a child
- Sponsorship guarantees a child will be able to attend school. This covers transportation costs, clothing/uniform costs, and assures they will be properly nourished
- All \$35 goes to the family, who are held accountable by our social workers and pastors. Parents must save receipts for proof of spending, and turn those receipts over when receiving subsidy.
- Parents sign a contract with Fruit Bearers agreeing to the proper use of sponsorship funds. Our social workers meet with the parents monthly to assure compliance.
- Our pastors meet with sponsored families and others regularly to provide spiritual support through Bible studies and the planting of new churches.

What Sponsorship Looks Like

The vast difference between a disabled child in Negros Oriental and a disabled child that has received Fruit Bearers Ministries sponsorship is easily highlighted by Jenecil's story.

Jenecil was badly burned as an infant, leaving her chest and jaw attached, inhibiting her ability to move properly. We met her when she was about 6 years old. Through our general fund Fruit Bearers Ministries was able to help with multiple operations that led to Jenecil's recovery. Now a teenager, Jenecil has been sponsored for over 8 years, and without the support she may have been forced into a life of begging, and certainly of malnourishment. She is involved with her church and community and loves going to school and playing with her friends. She has caught up with her fellow classmates in school and enjoys a normal teenage life. Praise the Lord!
